

AIROSENSOR SPEC-SHEET

CHECK-IT

RF	868 MHz, range up to 100m or 600m with the Extended Range version
Protection class	IP 67 (waterproof)
Battery lifetime	Up to 10 years with 5 min. interval
Memory	Stores 15.000 events internally
Motion detection	3-axis, sensitivity 0g-16g, remotely programmable
Temperature detection	Operating range -30°C to +70°C Accuracy Typ. ±0.3°C (-10°C to +70°C) Long term stability ≤0.01°C
Humidity detection	Operating range 0-100% RH Accuracy Typ. ±2% RH (0-80% RH) Long term stability ≤0.25 % RH/year
Compatibility	CE, EN300328, EN55022, EN12830, class 1, storage & transport Climatic environment type: D
LxWxD (mm) with holder	41x33x24 131x33x24 (Extended Range version)
